

# Faltschnitte mit Papier

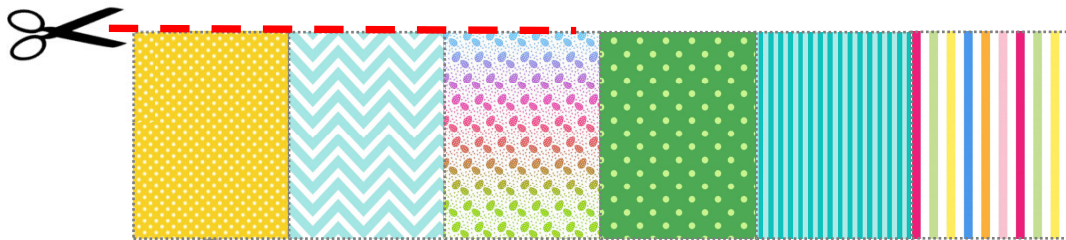

Vorlagen & bunte Ziehharmonika - Streifen zum Ausdrucken

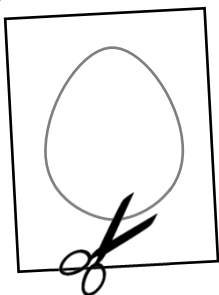

# So geht's

1. Ziehharmonikastreifen (bunt oder weiß) an der Außenlinie ausschneiden.
2. Motiv (z.B. ein Ei) ausschneiden. Das ist nun die Schablone.
3. Motiv auf den gefalteten Streifen legen und ringsum abzeichnen.
4. An der aufgezeichneten Linie entlang schneiden, an der roten Markierung aber ein Stückchen stehen lassen. Nur dann kann man den Streifen als Ziehharmonika wieder auffalten.

4

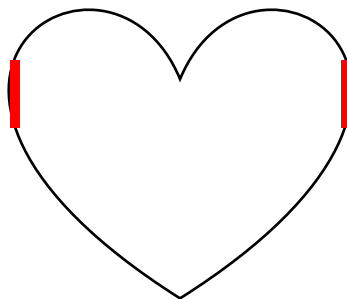

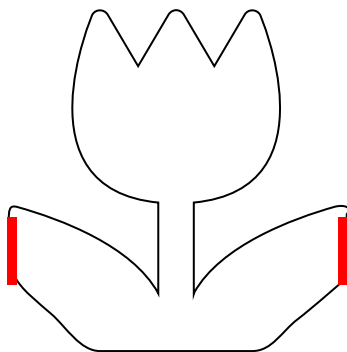

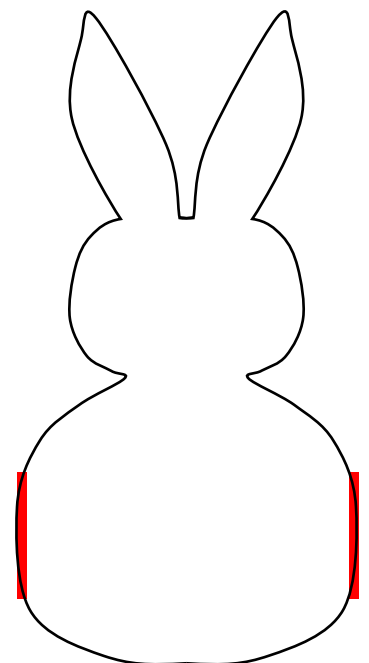

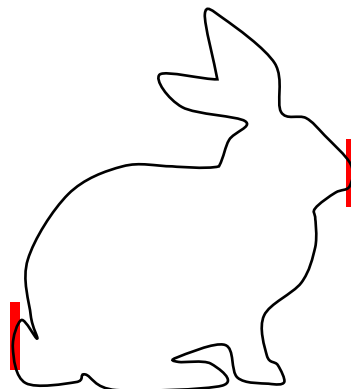

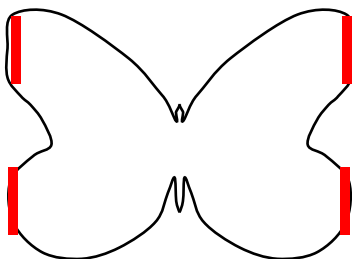

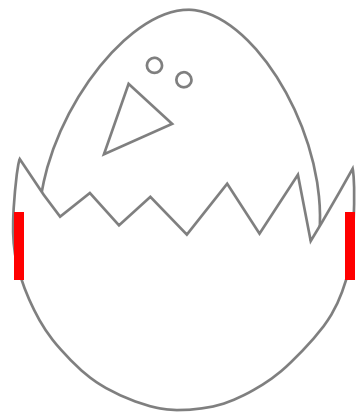

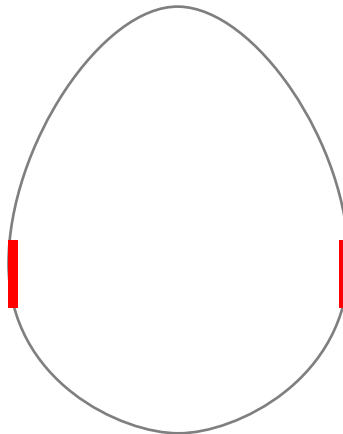

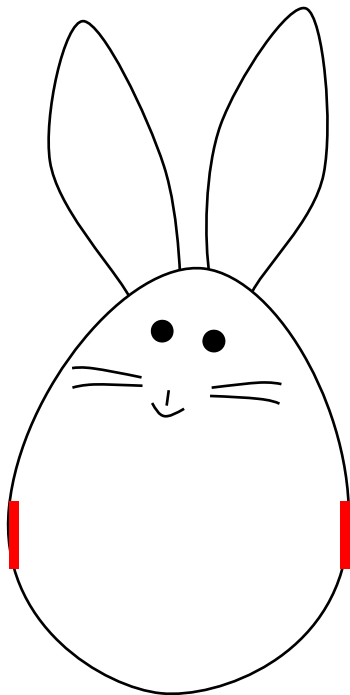

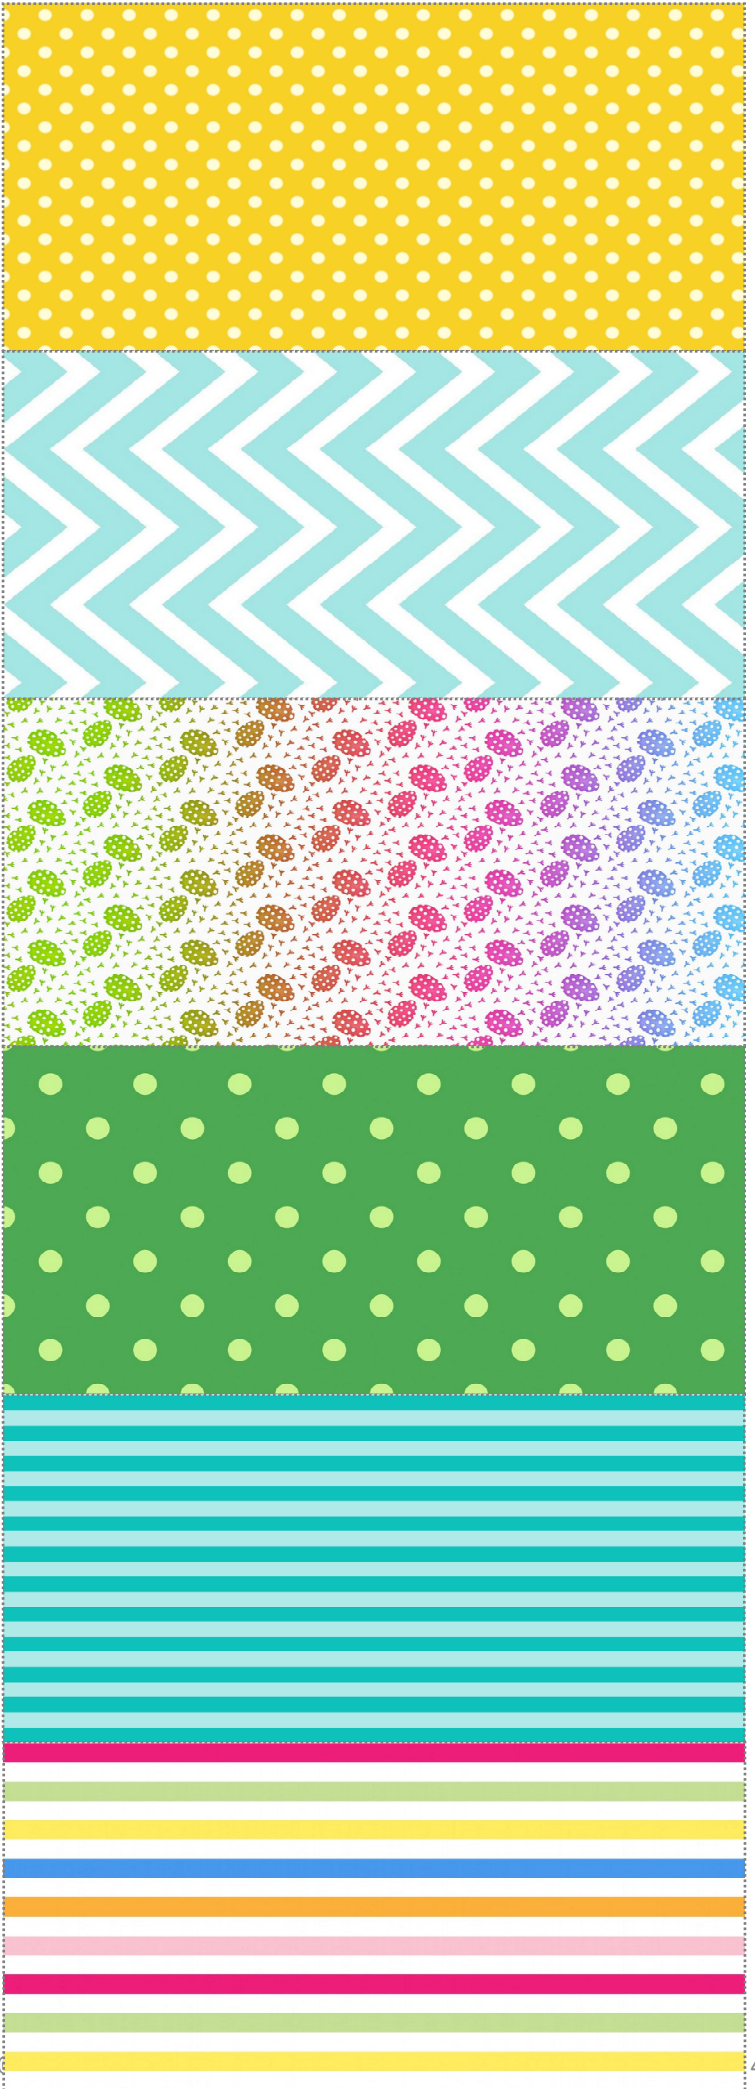

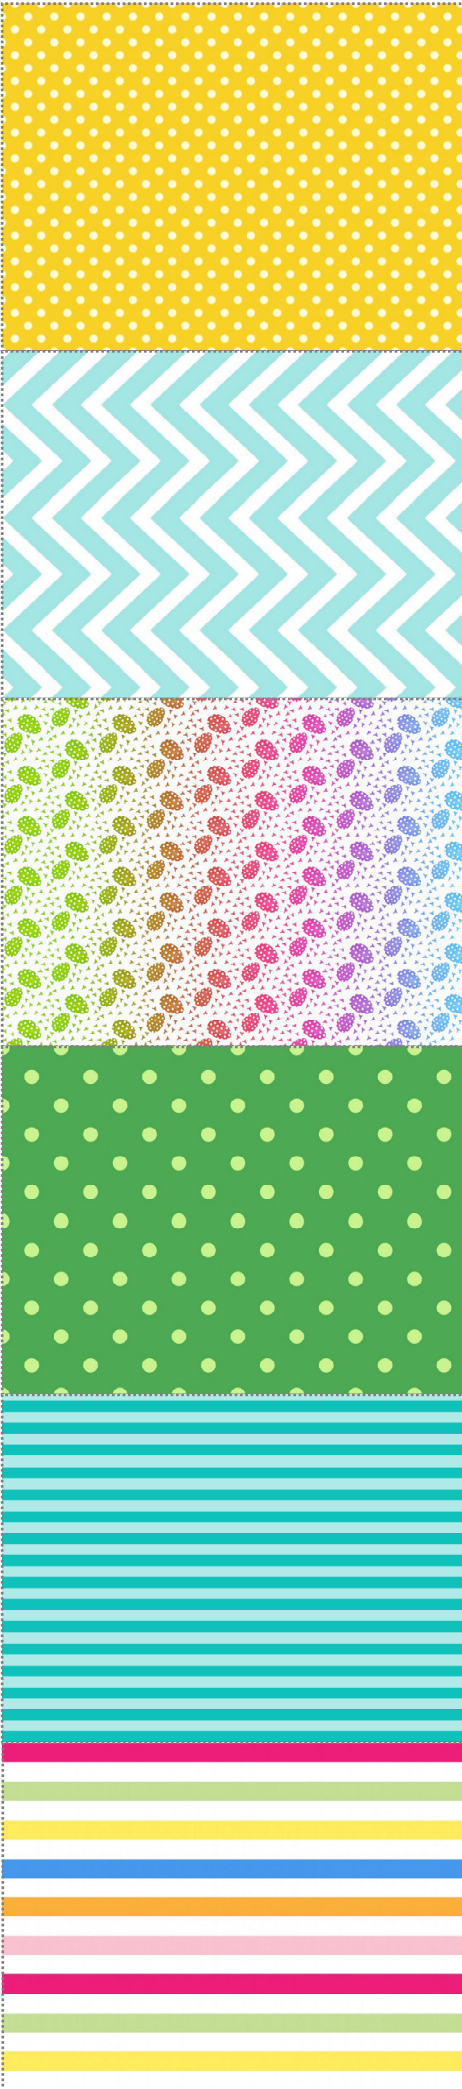

....oder selbst anmalen

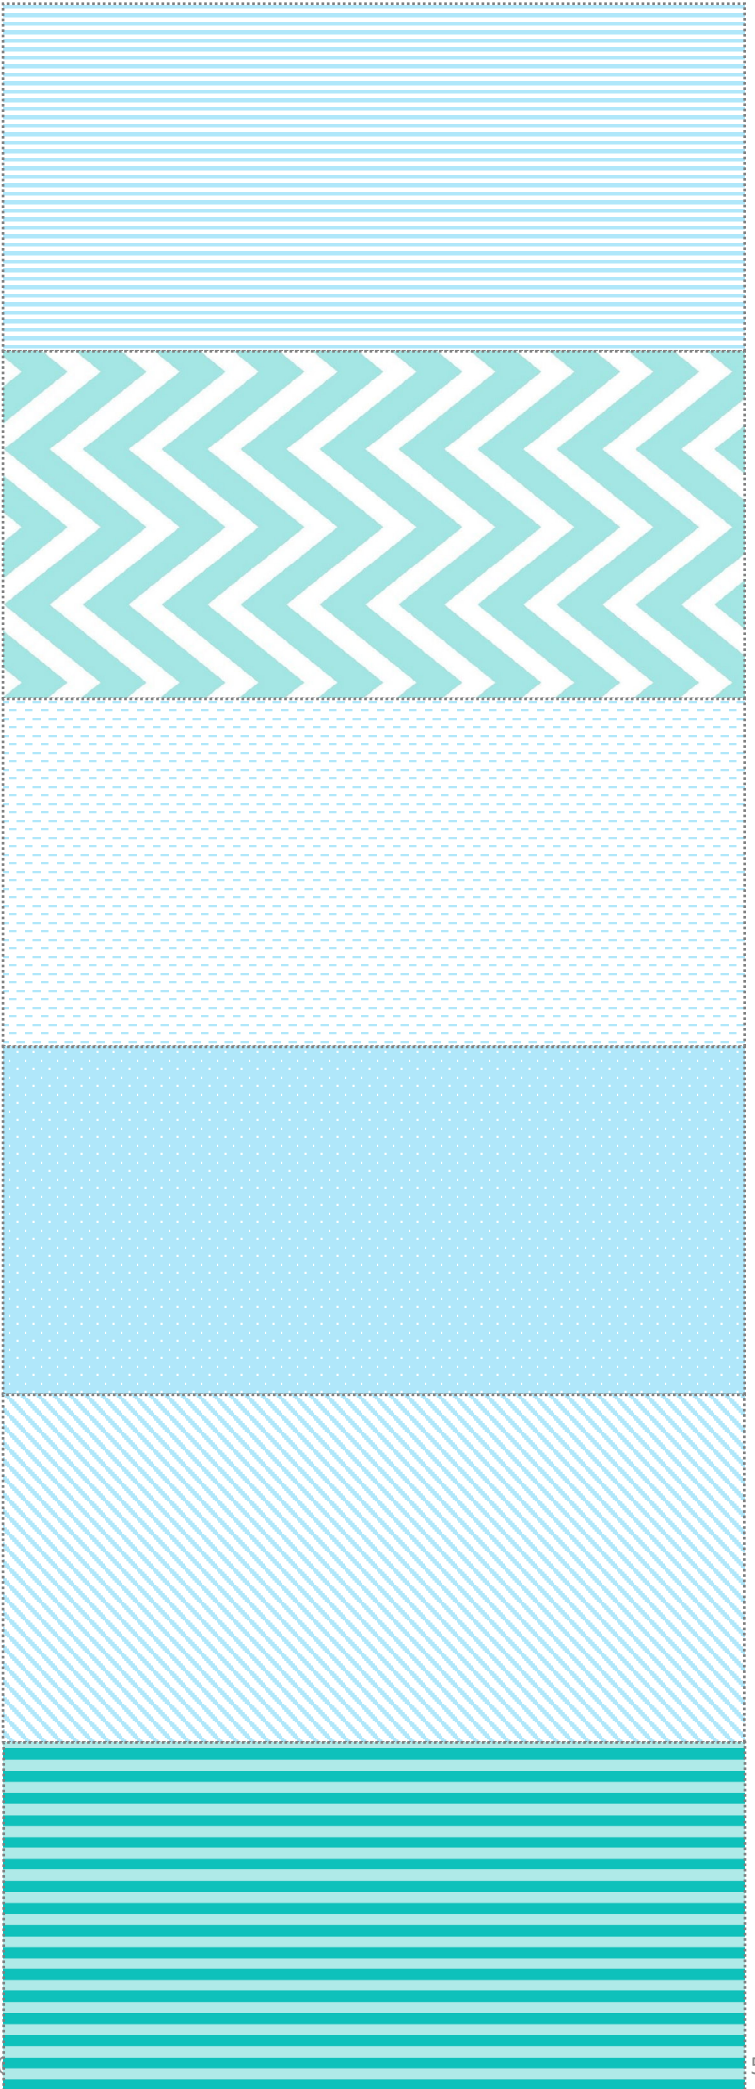

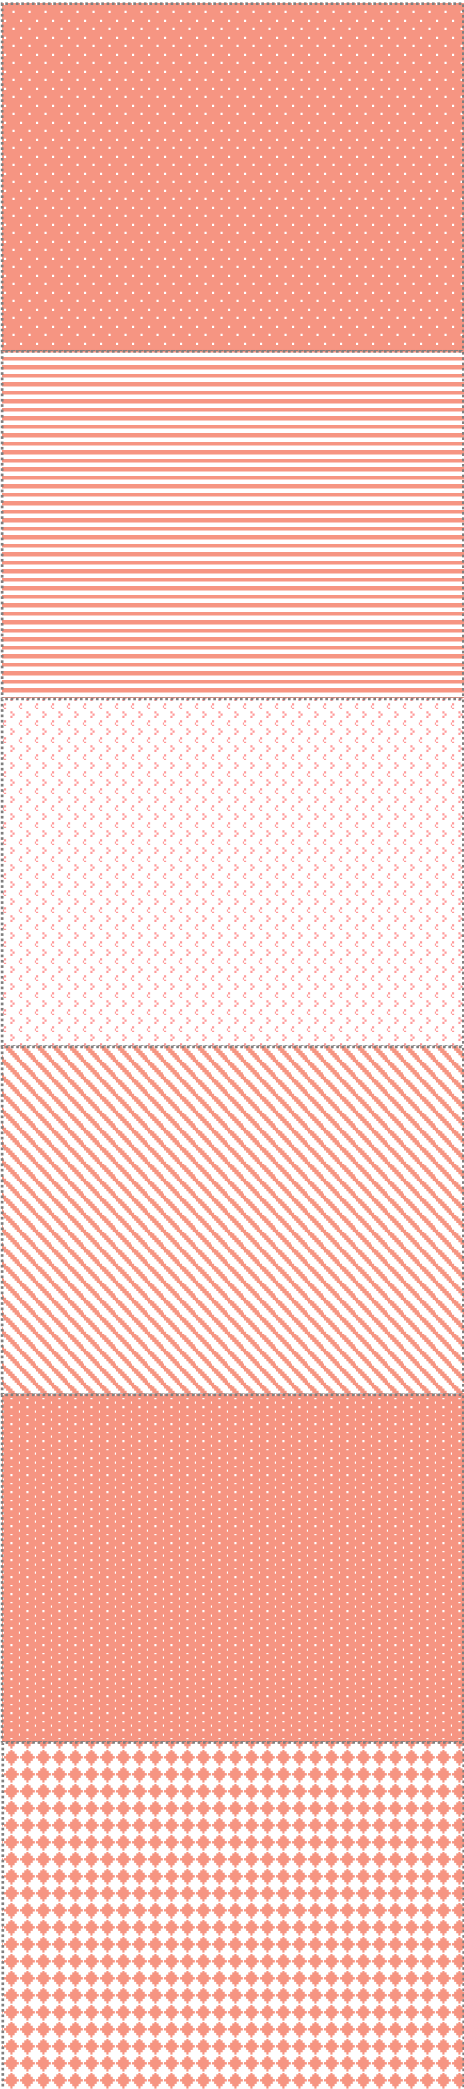

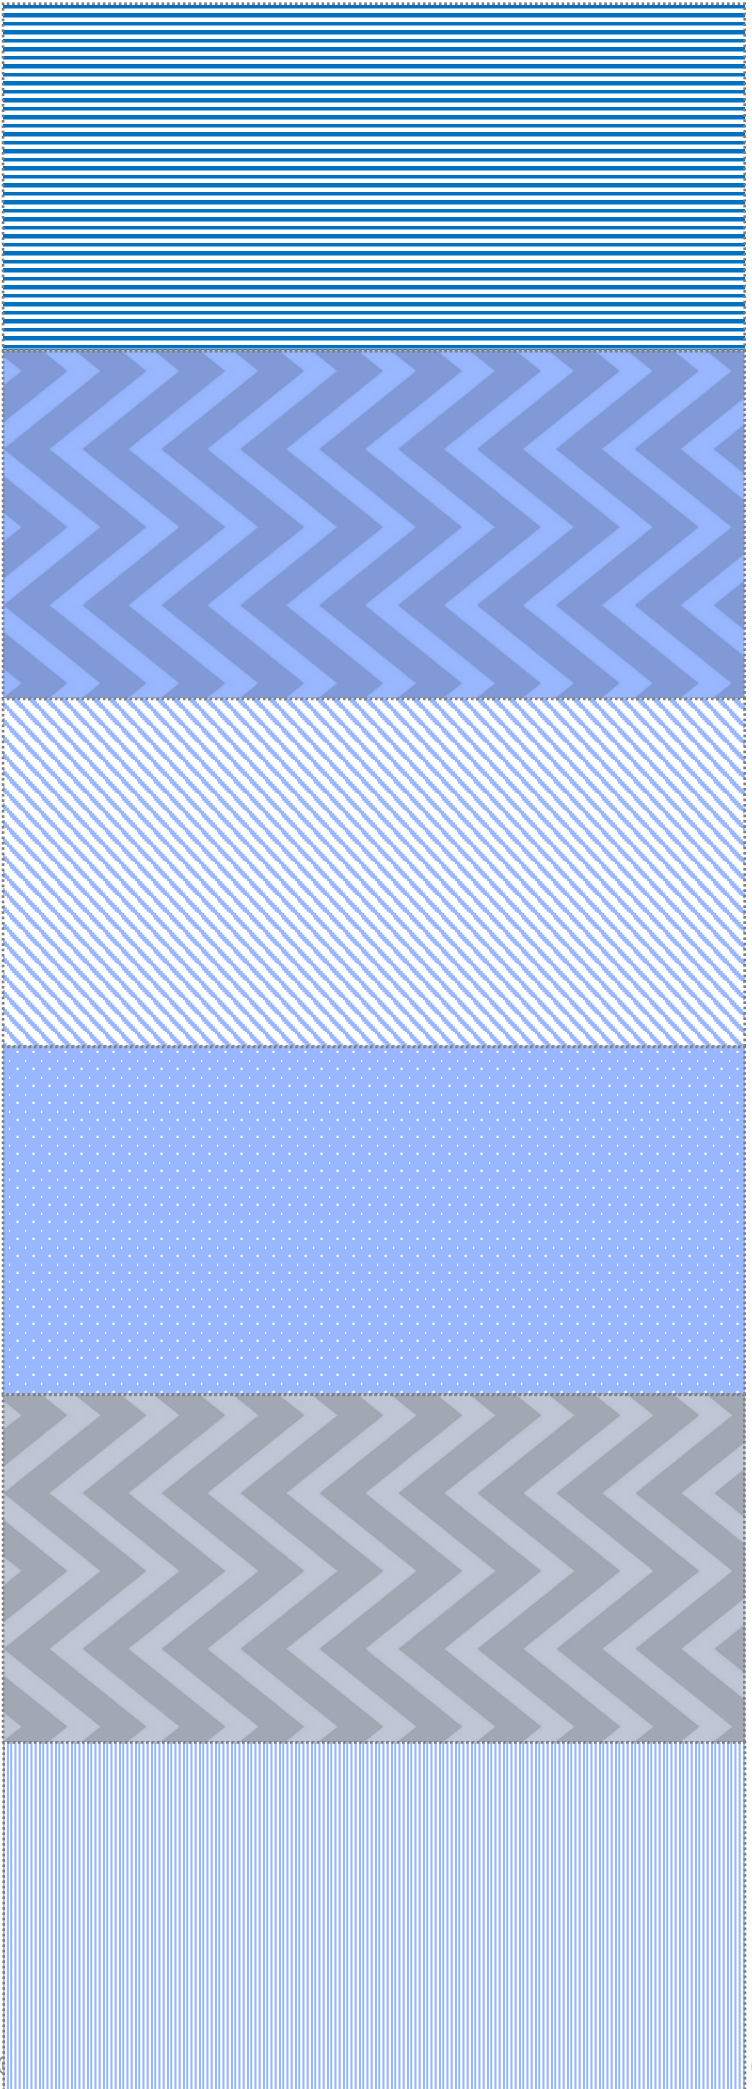

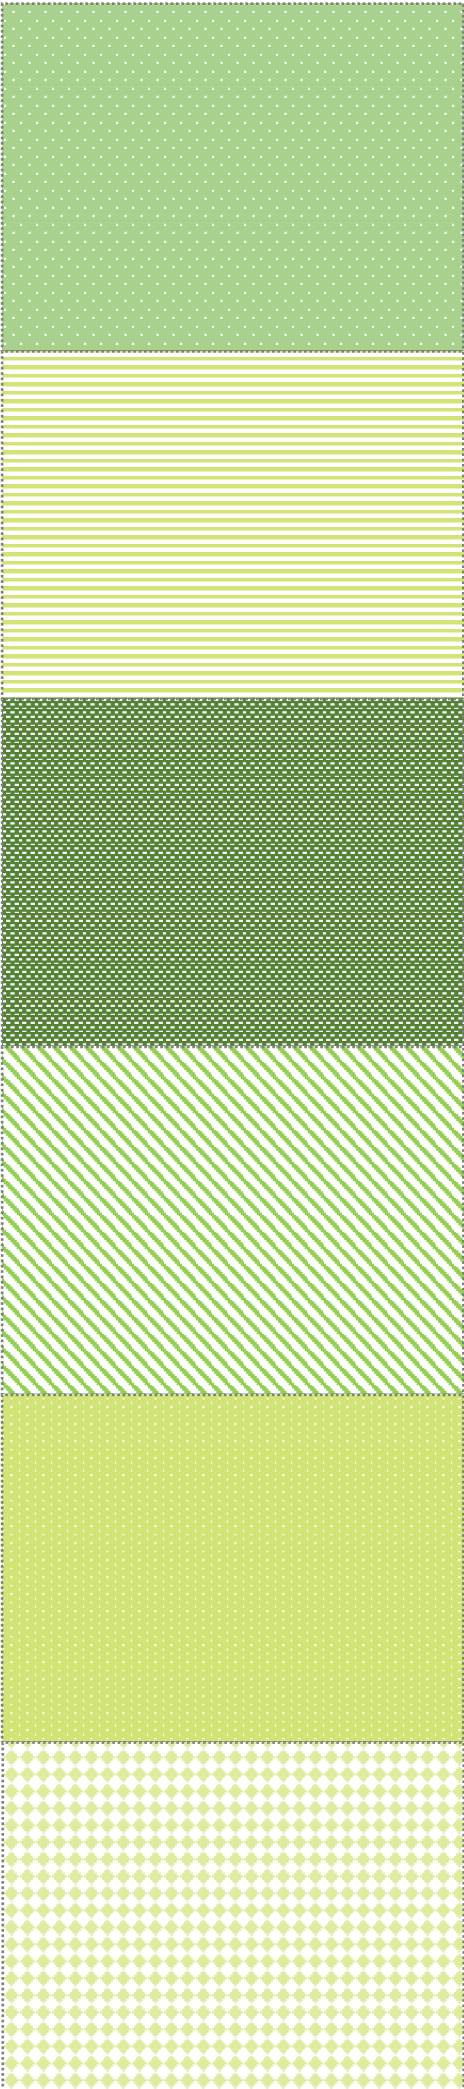

# Vorlagen

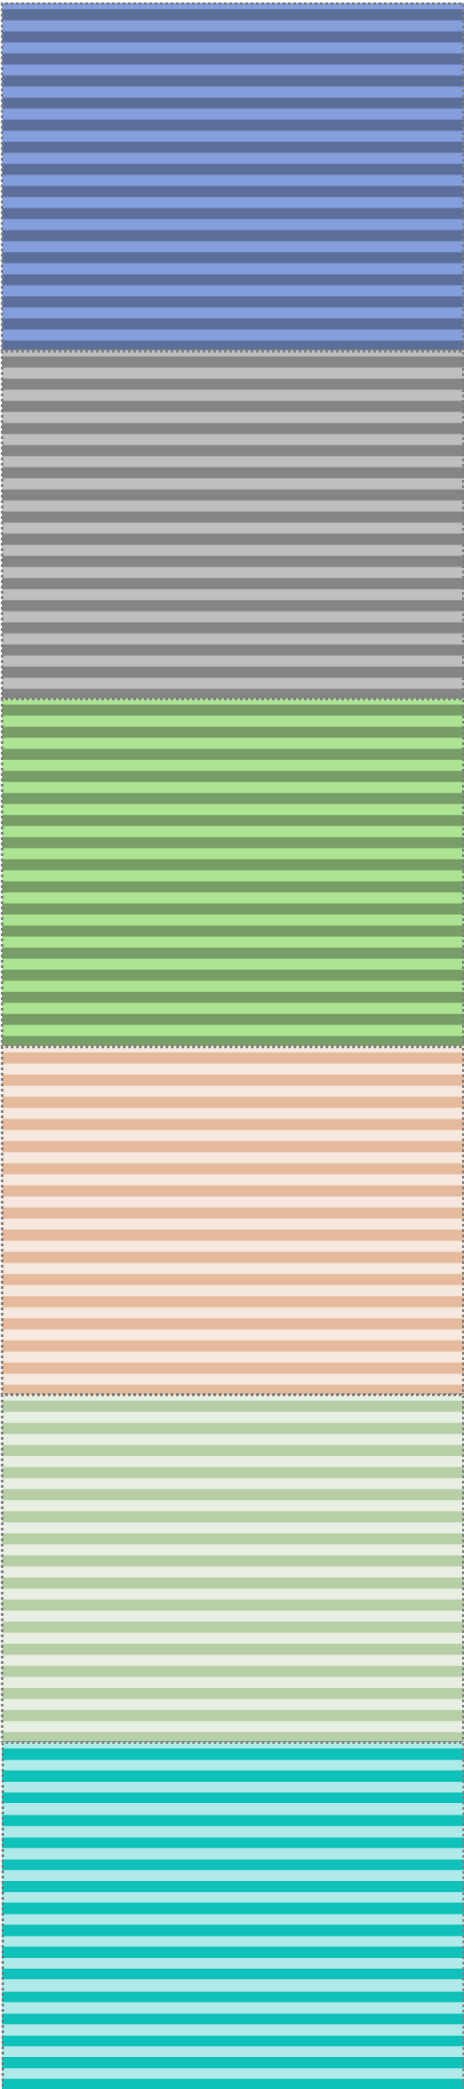

Die roten Linien markieren die Stellen, die stehen bleiben müssen, damit die Ziehharmonika wieder aufgefaltet werden kann.
